EXPERIENCE

Web Developer

4 Dots Training & Advisory Ltd

January 2023 – Present

As a dedicated Web Developer, I have amassed significant experience in both frontend and backend development, specializing in creating dynamic and responsive web applications using the latest technologies.

Key Responsibilities:

❖ Frontend Development:

- Developed and maintained user-friendly web interfaces using **React.js**, ensuring a seamless user experience.
- Utilized **HTML**, **CSS**, and **JavaScript** to create visually appealing and interactive web pages.
- Integrated design frameworks such as **Bootstrap** to enhance UI consistency and responsiveness across devices.
- Implemented state management solutions using **Redux** or **Context API** to manage application state efficiently.
- Integrated REST APIs into the frontend application.

❖ Backend Development:

- Built robust and scalable server-side applications using **Node.js** and **Express.js**.
- Designed and implemented RESTful APIs to support frontend functionalities.
- Developed secure authentication and authorization systems using **JWT**.
- Managed data storage and retrieval processes with **MongoDB**, ensuring data integrity and performance.

❖ Collaboration and Project Management:

- Utilized version control systems like **Git** for efficient project management and collaboration.

Skills and Tools:

- **Frontend:** React.js, HTML5, CSS3, JavaScript, Bootstrap, Redux, Context API
- **Backend:** Node.js, Express.js, MongoDB, JWT, RESTful APIs
- **Tools:** Git, Webpack, npm, WebSocket

COMMUNICATION SKILLS

- ❖ English (Conversational)
- ❖ Urdu (Fluent)
- ❖ Punjabi (Native)
